TCDC COOPERATIVE STATISTICAL REPORT

FOR JAN - JUNE 2022/2023

NOVEMBER, 2023

1.0 INTRODUCTION

The Tanzania Cooperative Development Commission (TCDC) is an independent institution established under the Cooperative Societies Act No. 6 of 2013. The TCDC has two main roles, which are to Regulate and Promote development of the cooperative sector. This Statistical Report for January – June, 2022/ 2023 is prepared to present performance of cooperatives in key areas in the respective year. This Report is expected to help making various decisions or designing interventions which will further accelerate development of the sub-sector.

2.0 DOCUMENT LAYOUT

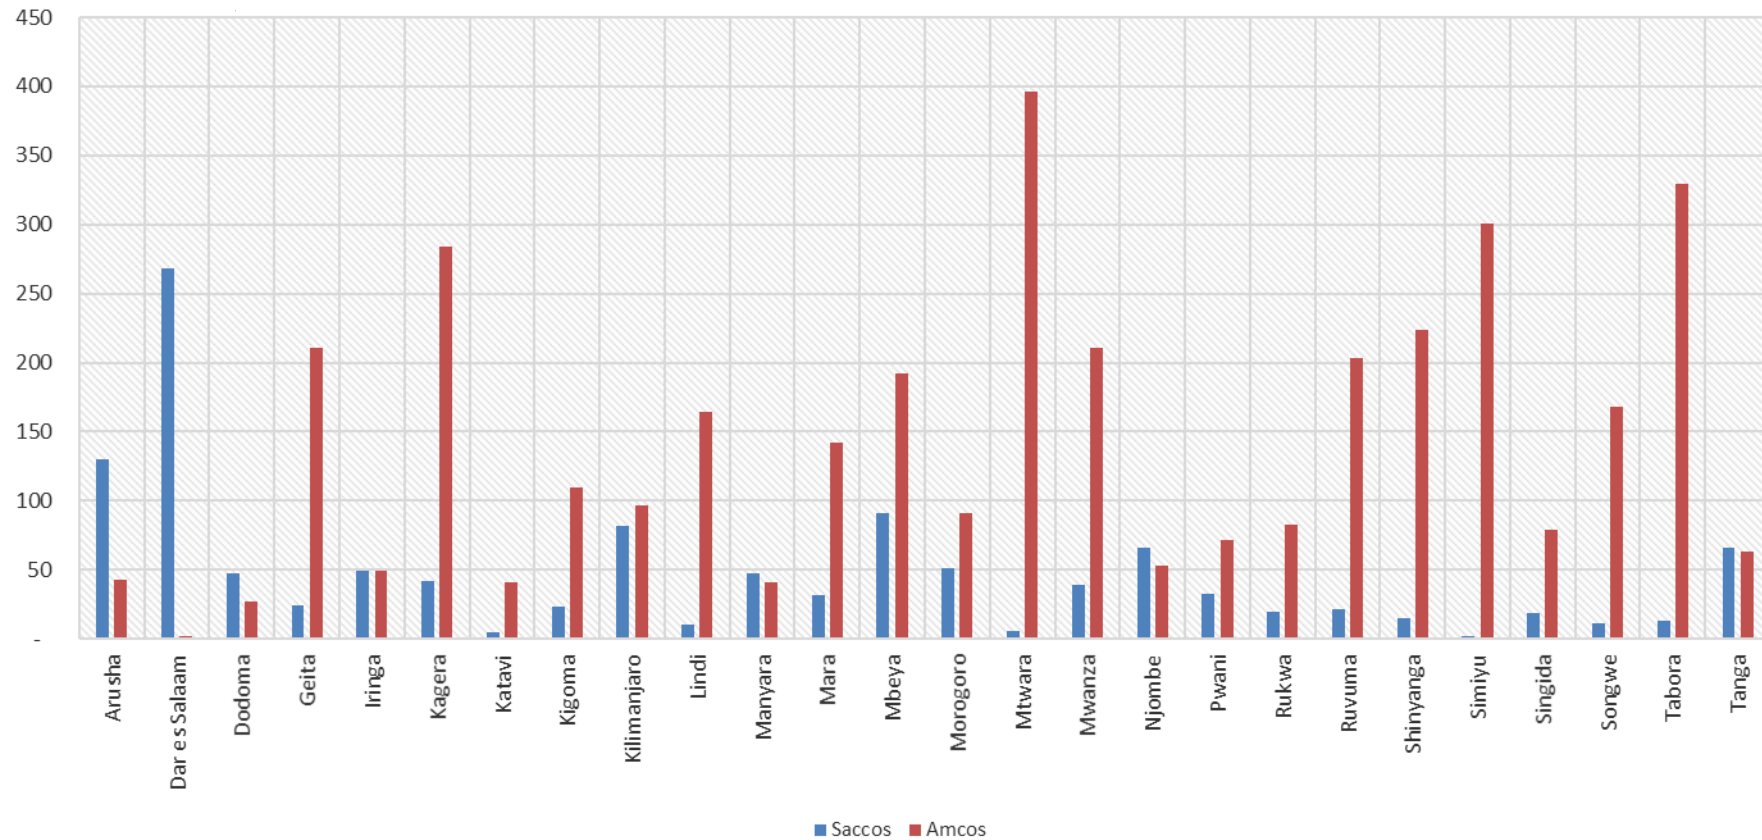

This Statistical Report is divided into Two Sections: Section One shows Basic information on cooperatives which include number and type of cooperatives by regions as well as membership details. Section Two presents statistical information on performance of cooperatives in such areas as agricultural inputs distributed through cooperative system, production and sales as well as distribution of warehouses.

5.4 Aggregation, storage and sales of agricultural produce through Warehouses

Cooperatives use Warehouses as reliable storage facilities for collecting farmers' produce and storing them until they find buyers at fair market prices. Through warehouse receipt system farmers gain bargaining power and sell at higher prices than traders' prices.

Table 10 shows distribution of licensed warehouses which were used as the aggregation and selling points for cooperatives' agriculture produce during the respective year.
